L.S.US.Q.NO. 2572 FOR 01.08.2017

- (b) Reserve Bank of India issues Guidelines on Cyber Security for banks. Ministry of Electronics and Information Technology has created a dedicated Digital Payment Division for protection of digital payment. Till date, Cyber Security mock drills involving 148 organizations from different sectors including finance sector have been conducted to enable assessment of cyber security preparedness of organizations. CERT-In has issued 21 advisories for security safeguards covering Point of Sale, Micro ATMs, electronic wallets, online banking, smart phones, unified payment interface, Unstructured Supplementary Service Data, RuPay, SIM cards, wireless access points/routers, mobile banking, cloud, Aadhar Enabled Payment Systems etc.

- (c) & (d) A separate Research & Development Fund for cyber security of Rs.1,000 Crore has been created to be spent over a period of five years for upgrading technological capacity. In addition, Government has approved a central sector project namely Cyber Crime Prevention for Women and Children (CCPWC) with a total estimated cost of Rs.195.83 Crore to provide infrastructure and capacity building to address cyber crimes. The Government is also encouraging financial institutions, industry and other critical sectors to earmark higher budgets in line with the international practices towards development and implementation of appropriate technologies and implementing best practices for protecting their information and communication technologies.
